

1st Meeting of the Authent-Net Consortium

The objectives of this 1st meeting of the consortium are:

- To ensure all participants are clear of the overall aims of Authent-Net and their contribution to the project.
- To bring partners together in order to start building a cohesive and sustainable network.
- To gain a better understanding of the work of other Work Packages and participating organisations so that synergies and collaborative working/networks can be exploited.
- To fully understand the financial, managerial and contractual reporting processes required in order to participate in the project.
- To get feedback from Member State funding organisation representatives/stakeholders on their views of how the project can be optimised to address their needs.
